

CLAIMS

1. Convertible vehicle (1) with a roof (2) with at least two parts (3, 4), which have painted areas, especially to match the color of the automobile body, characterized by the fact that painted areas are formed by individual, separate exterior parts (8, 9) that can be directly or indirectly attached to a supporting structure (10).

2. Convertible vehicle in accordance with Claim 1, characterized by the fact that the exterior parts (8, 9) are made of a light construction material.

3. Convertible vehicle in accordance with Claim 1 or Claim 2, characterized by the fact that the exterior parts (8, 9) are made of plastic.

4. Convertible vehicle in accordance with any of Claims 1 to 3, characterized by the fact that the exterior parts (8, 9) can be detachably connected to the roof structure (10).

5. Convertible vehicle in accordance with any of Claims 1 to 4, characterized by the fact that the exterior parts (8, 9) can be mechanically connected to the roof structure (10).

6. Convertible vehicle in accordance with Claim 5, characterized by the fact that the exterior parts (8, 9) can be connected to the roof structure (10) by clips.

7. Convertible vehicle in accordance with any of Claims 1 to 6, characterized by the fact that the exterior parts (8, 9) can be adhesively bonded to the roof structure (10).

8. Convertible vehicle in accordance with any of Claims 1 to 7, characterized by the fact that the exterior parts (8, 9) extend along lateral longitudinal edges of the roof parts (3, 4), and transparent panels are provided in a section (6, 7) located in the middle with respect to a vertical longitudinal center plane (5) of the vehicle.

9. Convertible vehicle in accordance with any of Claims 1 to 8, characterized by the fact that an assortment of exterior parts (8, 9) can be provided and mounted on the otherwise finished roof (2).

10. Convertible vehicle in accordance with any of Claims 1 to 9, characterized by the fact that the exterior parts (8, 9) of the assortment have different colors and/or shapes.

10. Convertible vehicle (1) with a roof (2) with at least two parts (3, 4), which have areas that cover the roof frame on lateral outer edges, especially in accordance with any of Claims 1 to 9, characterized by the fact that the covering areas are formed by individual, separate exterior parts (8, 9) that can be directly or indirectly attached to a supporting structure (10).

11. Roof (2) for a convertible vehicle (1) in accordance with any of Claims 1 to 10.
